Health Compels Conservative  
Leader to Quit Duties of Of-  
fice He Successfully, on  
Whole, Handled

## CURZON MENTIONED

Foreign Minister Likely Successor;  
Chancellor Baldwin Spoken of  
Prominently; No Gen-  
eral Election

(By the Associated Press)  
London, May 20. — Andrew Bonar  
Law, the prime minister, sent his resig-  
nation to the king tonight because  
of ill health; he was unable to pre-  
sent it personally. Thus ends his brief  
but successful administration and it  
ends with important and perplexing  
problems, particularly great Britain's  
relations with France and Russia un-  
settled.

The king will summon one of the  
conservative leaders to form a new  
cabinet. It is generally accepted that  
Marquis Curzon will be the next per-  
mister.

### King Moved by News

Mr. Bonar Law's resignation was  
taken to the king at Aldershot by Col-  
onel Waterhouse, the prime minister's  
private secretary, and Sir Frederick  
Sykes, his son-in-law. They had a  
lengthy audience with the king, who  
appeared much moved by the news of  
the aged condition of Mr. Bonar  
Law's health. The king, according to  
present plans, will return to Bucking-  
ham palace on Friday. Up to a late hour  
today, his majesty had not summoned  
any minister with respect to the  
premiership. Mr. Bonar Law's resig-  
nation to resign came so suddenly that  
there was little opportunity for the  
king to communicate with the min-  
isters.

### Curzon Likely Successor

While Lord Curzon is looked upon  
as the likely successor of Mr. Bonar  
Law, Chancellor Baldwin is mentioned  
prominently. During the prime min-  
ister's absence from London he has  
continued the leader of the house of  
commons with his other office. He is  
recognized as one of the ablest mem-  
bers of the government, is personally  
liked and has been more than once  
suggested as a possible premier should  
a vacancy occur.

### Condition Slightly Improved

It was stated late this evening that  
Mr. Bonar Law's condition was slight-  
ly improved after his rest following  
the journey from Paris.

### Four of Eight Drown

Baltimore, May 20. — Four men were  
drowned in the Middle river near Mid-  
dleboro, this afternoon, when a row-

boat were saved, two swimming to  
shore and the others clinging to the  
boat until rescued.

## BRYAN ATTACKS MANY QUESTIONS

Prohibition Violations, Sunday  
Sports, Saturday Night Theaters  
Under Commoner's Fire

(By the Associated Press)  
Indianapolis, May 20. — Presby-  
terians in "popular meeting" today  
unanimously endorsed a resolution  
presented by William Jennings Bryan,  
calling on the general assembly of the  
church in session here, to pass a  
resolution asking every Presbyterian  
minister and church member and  
presidents, teachers and pupils in all  
of the denomination's schools, col-  
leges and seminaries to sign a pledge  
of total abstinence.

The Bryan resolution, which he will  
present tomorrow to the assembly,  
of which he is a member, came as the  
climax of a mass meeting under aus-  
pices of Presbyterian committees on  
Sabbath observance and prohibition  
and public morals.

### Attacks Many Things

Prohibition violations, Sunday golf  
and baseball, Saturday night theatre  
going and the size of Sunday news-  
papers were attacked by Mr. Bryan  
and other speakers, representing the  
Lord's Day Alliance.

Mr. Bryan did not return from  
Kansas City in time to preach this  
morning, but tonight in Westminster  
church he delivered an attack on be-  
lievers in the Darwinian theory of  
evolution and on liberals who ques-  
tioned the virgin birth of Christ and  
other doctrines.

### Attacks Many Things

Sunday "blue laws" were defended  
by Dr. H. L. B. Bowley of New York,

## WOULD IMPEACH CHIEF JUSTICE WILLIAM TAFT

Eugene V. Debs "Going to Make  
Him Resign" for Accepting  
\$10,000 Annuity From  
Carnegie Foundation

## SOCIALISM GROWS

Leader Predicts Revivification and  
Strength Due to Reaction Af-  
ter War and Discontent  
in Country

New York, May 20. — Eugene V.  
Debs came back to New York today  
after eight years, vigorous and mili-  
tant, with a prediction that Socialism  
should be revived and would find  
great strength in the reaction after  
the war with an increasing discon-  
tent throughout the country. He will  
speak at a mass meeting under aus-  
pices of the Socialist party in Madison  
Square Garden Tuesday night.

In talking tonight with newspaper-  
men, he asserted he had no enmity  
for the Workers' party which put a  
large dent in the Socialist party and  
warned the communists to keep their  
hands off American labor. He also at-  
tacked Chief Justice Taft, declaring  
he would wage a fight to have him  
impeached for accepting \$10,000 an-  
nuity in the Carnegie foundation.

### Attacks Many Things

Referring to the action of the na-  
tional convention of the Socialist party  
today in rejecting the proposal of  
the Workers' party to join it in a  
"United front" Mr. Debs said he ap-  
proved his party's step and resented  
interference of the Communist.

America to Rule America.  
"I am opposed to a dictatorship," he  
said. "I want America to rule Amer-  
ica. My attitude is when an order

used where ladies are present."

He criticized American who throw  
up their hands in horror at what is

sign," he almost shouted. "I am going  
to do everything to impeach him."  
Alluding to his stay in Atlanta pris-  
on, the elderly Socialist said Mr. Taft  
once had remarked about him "that  
he ought to be kept where he was."

### Attacks Many Things

Debs branded the trade union move-  
ment in the United States as "the  
most reactionary and backward in the  
world." He ascribed this to the fact,  
he said, that there were too many  
individual labor organizations with  
men at the head of them who are  
unwilling to give up lucrative incomes  
for the good of a general amalgama-  
tion.

## WELL COVER TILTS; FIVE BAMES PLUNGED TO DEATH

Drummondville, Que., May 20. —  
Five children of St. Nicholas,  
three miles from here were drown-  
ed in a well today when a cover  
on which they were standing tilted  
and plunged them into the water.  
The fatality occurred a short dis-  
tance from their homes. The chil-  
dren range in age from six to two  
years. One other, one year old,  
escaped, because he was not large  
enough to clamber upon the cover.

## WAR CLAIMS REACH BILLION AND HALF

American Government Is Largest  
Claimant, Asking for \$366,-  
113,000; Smallest \$1

### Attacks Many Things

(By the Associated Press)  
Washington, May 20. — America's  
bills of war claims against Germany  
amount to \$1,478,964,313.32, as it has  
been presented to the mixed claims  
commission for settlement.

The United States government itself  
is the largest claimant asking for  
\$266,113,000 while the smallest of the  
12,416 claims filed with the commis-  
sion is for \$1.

### Attacks Many Things

Heading the list of claims by in-  
dividuals are those growing out of the  
sinking of the Lusitania by a German  
submarine. They totaled \$22,606,000,  
and may be disposed of first by the  
commission, Germany having already  
admitted liability, but not in definite  
amount.

commission.

### Attacks Many Things

The largest claim listed in the re-  
port is the American government's  
of \$255,544,810.51 for costs of the  
army of occupation in Germany, a new  
under negotiations with the allies in  
Paris by Assistant Secretary Wad-  
sworth of the treasury. Other govern-  
ment claims are for \$4,246,624.23 for  
general damages growing out of Ger-  
man submarine warfare; \$57,992,000 by  
the Veterans' bureau for war risk  
premiums; \$5,280,000 by the railroad

Faculty Leaders at University Ex-

for Statements

Syracuse, May 20. — Dr. Nicholas  
Murray Butler, president of Colum-  
bia university, who is now abroad,  
was made the target of an attack to-  
night by William H. Anderson, state  
superintendent of the Anti-Saloon  
League, who spoke at a community  
mass meeting in Calvary Baptist  
church.

### Attacks Many Things

Dr. Butler, Mr. Anderson said, "has  
launched a new trade against prohi-  
bition."

### Attacks Many Things

"Will Dr. Butler ask the United  
States attorney for the southern dis-  
trict of New York to state publicly  
the amount of truth in the report that  
Dr. Butler's own plumage has been  
ruffled sufficiently with respect to the  
enforcement of the law to intensify  
the situation already in his disposition on  
this question?"

### Attacks Many Things

"Trade Against Prohibition."  
"Dr. Butler knows what I mean,  
whether he will admit it or not, and  
there are others who know what I  
mean, even if we are shielded where  
drugs come in for undue publicity.  
And if Dr. Butler insists that he does  
not know and asks me to do so, I will  
tell the public what this report is."

### Attacks Many Things

The "new trade against prohibi-  
tion" referred to, Mr. Anderson said,  
was an interview Dr. Butler gave to  
the New York World shortly before  
he sailed for Europe.

### Attacks Many Things

Mr. Anderson quoted the Columbia  
head as saying in that interview:  
"The prohibition mania is the most  
violent and obnoxious form of temper-  
ance that I have ever known. Its  
spirit and its methods are those of  
the Salem witch burners of the 17th  
century. It has no regard for the  
constitution save the 18th amendment  
and no regard for law save the Vol-  
stead act."

### Attacks Many Things

Statement Puzzles Columbia.  
New York, May 20. — Columbia uni-  
versity officials expressed complete  
ignorance tonight as to what was  
meant by William H. Anderson, state  
superintendent of the Anti-Saloon  
League in an address at Syracuse  
when he said that Dr. Nicholas Mur-  
ray Butler, president of the univer-  
sity, had a "secret reason" for his re-  
cent published statements condemn-  
ing methods of prohibition enforce-  
ment.

### Attacks Many Things

In the absence of Dr. Butler, who  
sailed recently for Europe, Dean H.  
E. Hawley said that while he had  
been intimately associated with his  
chief, he could think of no reason  
for Mr. Anderson's attack. Dean  
Hawley said he had been collaborating  
with Dr. Butler in a determined  
effort to reduce drinking among stu-  
dents to a minimum, "a thing he  
would not do if, in his own mind, he  
was in favor of excessive use of  
liquor."

NEW RECORD IN  
ROAD BUILDING  
\$24,500,000 Total of Contracts  
Awarded for Construction of  
Highways by State

### Attacks Many Things

Albany, May 20. — Proposed state  
road construction work, added to con-  
tracts now unfinished, will reach a  
total of \$24,500,000, more road than  
the state highway department ever  
has accomplished in any one year,  
according to a statement tonight by  
Frederick Stuart Greene, state high-  
way commissioner. Construction estab-  
lished by the legislature at \$10,000,000  
will be postponed, however.  
Mr. Greene said, because of  
freight embargoes, scarcity of materi-  
al and the shortage of labor.

### Attacks Many Things

The state now has in force 217  
highway contracts amounting to more  
than \$25,000,000, on which less than  
\$2,000,000 of work has been perform-  
ed, leaving \$19,500,000 of unfinished  
work, the statement indicated. In ad-  
dition to this unfinished work the de-  
partment plans to award contracts  
amounting to \$2,000,000 for recon-  
struction of old roads. It being the  
policy to curtail further new con-  
struction until vitally necessary re-  
construction work has been complet-  
ed.

### Attacks Many Things

New construction work, it was ex-  
pected, will be abandoned until the  
abnormal conditions in transportation,  
labor and materials have returned to  
a level advantageous to the state.

## D. & H. DETECTIVES GUARD CAR BARN

Indications Point to Early Use of  
Strike Breakers in Schenec-  
tady Trolley Strike

Schenectady, May 20. — Supplies  
of perishable provisions taken to the  
car barns of the Schenectady Rail-  
way company and the presence of the  
members of the Delaware and Hud-  
son company detective force on guard  
over railway property were regarded  
tonight as indication that the com-  
pany will shortly attempt to renew  
operation of its cars with new em-  
ployees.

### Attacks Many Things

Only the new railroad detectives  
have occupied the living quarters  
newly equipped in the car barns, but  
pickets of striking employees declare  
that supplies placed in the stock  
rooms of the buildings far exceed the  
demands of the detectives. Members  
of the Amalgamated Association of  
Street and Electric Railway em-  
ployees, the union with which the  
strikers are affiliated, are responsible  
for the statement that the railway  
company has new employees hired and  
in hiding them on the outskirts of this  
city or in Albany awaiting the call for  
operation of cars, when they will be  
hurried to the car barns by motor  
trucks.

Nearly All Men in Union.  
The city was orderly tonight. The  
strikers assembled for their daily roll  
call, after which it was announced  
that six-sevenths of the men eligible  
to union membership now are in full  
standing. This statement was issued  
to oppose the company's assertion  
that not more than one-half of the  
men desired to strike.

### Attacks Many Things

The city government and the  
strikers today were represented as  
eagerly awaiting the outcome of or-  
ders issued by Bernard L. Shientag,  
state industrial commissioner, direct-  
ing the company and the men to make  
a satisfactory adjustment of differ-  
ences before Tuesday afternoon or  
face a public inquiry as to the cause  
of the strike. Officials of the company  
have been non-committal, except to  
say that Mr. Shientag's orders would  
not in any way influence their course  
of action.

Mayor C. A. Whitmyre declared  
that the city would welcome such an  
investigation, and this view was held  
also by James Lagary, representing  
the employees, who said the men had  
nothing to conceal.

## BRIGHTER FARM OUTLOOK

Although there are fewer hired men on the farms of this state this year than there have been in any year for more than half a century, it now looks as if the usual acreage of crops will be grown. According to John B. Shepard, who estimates the crops of the state for the United States Department of Agriculture, and the State Department of Farms and Markets, the farmers feel hard pressed financially on account of the low prices received last year and they are unable to pay wages big enough to hold the more capable hired men, but there is a general feeling that the high wages being paid in the cities will draw men from the farms, and the demand for milk and cream, for the better grades of fruits, vegetables, poultry, eggs and for other farm products which people buy freely only when they have a little extra money to spend. Farmers are hoping to benefit from this increased demand and each is doing his best to maintain production. Some who have been dependent on hired labor will raise less than in former years, but the majority of farmers do their work with the help of their families and, if the weather permits, they will produce about as much as usual this year. The difficulty under which farmers are working is, however, shown by the fact that, compared with conditions just previous to the war, the average earnings of New York factory workers are more than twice as great and wholesale prices in general are nearly two-thirds higher, but the prices of New York state farm products are only one-third higher.

Although the total number of acres under cultivation in this state is expected to be about the same as during the last few years, there will be some changes in the relative areas of the various crops, the tendency, as usual, being to raise less of those that are lowest in price and raise more of the others. Thus, the number of acres in winter wheat will be 1 per cent less than last year, and try 4 per cent less. Potatoes, which sold last fall for less than it cost to produce them, will also be less extensively planted. The reports from a thousand New York state farmers, which the state and federal governments received in April, indicated that a reduction of 6 per cent in the acreage of potatoes was expected, but since that time the price has been higher and farmers have been encouraged by the large increase in acreage reported as expected in the western states. Probably the acreage will be a little less than it was last year but about as large as usual.

The area cut for hay is expected to be about the same as it was last year. Hay is now very cheap, cheaper than before the war, but it is the crop that requires the least labor per acre and it is needed for producing milk, which is bringing a better price than most other farm products. About the usual acreages of corn and oats, the two other great feed crops of the state, will also be grown unless the plans of farmers are changed by abnormal weather conditions. No reliable information is yet available regarding the crops that will not be planted until next month, but beans, buckwheat and cabbage are all relatively high in price and the 400 farmers reporting to the Albany office a month ago indicated that, on their own farms, the total acreage of each of these crops would be increased from 15 to 25 per cent as compared with last year.

## A MARVEL OF NATURE

Of all things that grow on the face of the earth or are wrought by man, the tree is the most marvelous organization of power. How many have ever seriously contemplated a tree, especially its mechanical structure and the prodigious functions it performs in the process of centuries of life. One phase of tree phenomena is sufficient to astonish the mind and send the imagination into an endless maze of wonderment.

How many have ever thought of the tremendous power exerted by a tree that can lift a column of water three hundred feet in the air? That is what our largest trees are able to do. And this is done without the movement of a single piece of machinery. No steam, no gasoline, no electricity, only the minute, stationary, unaided cells of the tree lift this great column of water to the top of the tallest sequoia.

The action of such power is incomprehensible and the most learned do not know the secret of this strange influence that defies the law of gravity and of mechanics as we understand them. It is called capillary attraction. The sequoia grows to thirty-two feet in diameter and three hundred and fifty feet high. In such a monstrous tree there are upwards of 100,000 gallons of water. This volume of water will weigh 1,100,000 pounds or 750 tons. In other words, the weight of the water in these great trees is equal to the weight of six of the big passenger locomotives of the type that haul the crack New York Central train. No mechanical contrivance has ever been invented that could possibly lift or hold such a quantity of water to such a height for even a portion of the lifetime of a giant sequoia which lives more than 3,000 years. Knowing this who can fail to be struck with awe and admiration for trees and feel the crime that is committed in their wanton destruction.

### What Yale Men Read

Margaret Marshall, who advises through the press the young of the campus of mores and manners, finds deplorable the reading habits of the Yale seniors as declared in the annual poll of the class.

Miss Marshall, speaking doubtless with entire accuracy for New York's literary cognoscenti (if that's the word), says:

"We read Edna St. Vincent Millay, Sinclair Lewis, Floyd Dell, Scott Fitzgerald, Donald Ogden Stewart and John Dos Passos.

"Yale seniors prefer to string along with Dickens, Dumas, Stevenson, Thackeray and Mark Twain."

We declare our admiration for the Yale seniors who in spite of the wealth of "literature" placed within their easy reach by the geniuses of the day, are content to string along with archaic specimens like Dumas and Stevenson.

In fact, we wonder which of the contemporary great, who are not lacking in self-assurance, counts himself the equal of Mark Twain, whom Yale men persist in reading. —(Syracuse Post-Standard.)

### English Courts and Justice

The speed and certainty of justice in England has been given another illustration in the case of Gerald Lee Bevan, one of the well-known financiers of London. He is in prison to serve seven years after converting funds of other people to his own use. He was wealthy, but the case against him worked its way through the courts with no delay. As with Doubtless, the testimony established his guilt and the courts gave him the sentence provided by law. What of the criticisms heard against the courts in this country. In fact, are not against the courts but against the administration of justice. It is possible for defendants of ample means to secure delays that are very extended, to raise quibbling and trivial questions and carry them up for review. —(Ohio State Journal.)

### Favorite Hymns

In response to a questionnaire sent out by the Etude, a magazine devoted to music, to a large number of men and women requesting them to name their favorite hymn, 22,000 replied, and nearly one-fourth of the first choices were for "Abide With Me," a hymn that, in fifty years, has won its way into the hearts of Christians everywhere. It was written about eighty years ago by an English clergyman, the Rev. Henry Francis Lyte, "Nearer, My God, to Thee," McKim, "Lead Me, O Lead Me, Kindly Light" and "Rock of Ages" ranked second, third and fourth in the estimate of the Etude's list. —(Indianapolis News.)

### Human Nature As Is

If human nature is "the same the world over," as they are fond of telling us, the same influence that broods over the peaceful Andes can sweep over the world. Chile and Argentina in 1900 were on the brink of war over a disputed boundary when on Easter Sunday Bishop Benavente preached on the folly and wickedness of war. His words spread through Argentina and were taken up by Bishop Jara in Chile. The peoples of the two countries induced their governments to see regarding to issue a board of arbitration, while the soldiers went home to their farms. —(Schenectady Union-Star.)

### Saving Europe

Those who devote a goodly part of their time to lamenting that America does not rush to "save" Europe should feel encouraged by the movement of American Europeward which has already set in, though the season is scarcely open for transatlantic tourism. On one sailing date recently 12,000 Americans embarked for European ports. On their return each one will feel, doubtless, that he has contributed a large share toward not only saving Europe but in putting it on the way to affluence. —(Pittsburgh Gazette-Times.)

### Europe and Peace

Lord Robert Cecil says that America doubts the sincerity of Europe's desire for peace. He gives a true reading of this nation's sentiment. In the light of events "over there," Americans would rationally hold a different view. European nations have shown the insincerity of their professed desire for peace by acts that make for war. America, wishing to believe the best of Europe and to accept its declarations against militarism at face value. But proof of insincerity came too swiftly and with too much weight to be ignored. Europe is militaristic. —(Washington Post.)

### Daylight Saving Troubles

France has abandoned summer time. Eighty per cent of her population is agrarian, and the peasant in this country has taken kindly to this reform, which is chiefly of benefit to the town worker. In place of a legal summer time the French government proposes to advance the railway timetables and the opening of public offices for half an hour between April 21 and November 3. The result will be a very serious derangement of Anglo-French traffic. —(London Chronicle.)

### Angora Cat Syndicate

A Swiss syndicate wants to buy Angora cats in Turkey at a dollar each and sell them to Americans at fifty dollars. It is to be hoped that the sturdy tariff protectionist in Congress will rise up and smite this iniquitous scheme to injure a domestic industry. Let us all stand up and yell for the protection of the American breed of cats. —(Wilkes-Barre Record.)

### Did He Give Back Three Cents?

One day in Broad street in Philadelphia, an old man was selling pencils. A young man approached and, choosing one from the stock on hand, asked the price. When told it was three cents the purchaser, wishing to be good-hearted, gave six cents. Imagine his astonishment when the old man said: "Young man, you will be selling pencils at my age if you squander your money in that way. When I was your age I was the same way. I could not hold onto money, hence my present position. I now only sell a string. Heed my warning in time." —(The Sun.)

### Cultured Workers

The south is getting uneasy at the loss of its black workers. Better wages and a greater degree of security are drawing the negroes to the north. Meetings of white men have been held through the south to discuss the labor problem, and there are beginning to be attended by both whites and blacks. —(Philadelphia Record.)

## RECEPTION AT NEW PENIMORE

Invitation General to Meet Mrs. Smith, Wife of Governor, and Friends.

Citizens of the county and of this section are cordially invited to attend the reception to be given at the New Penimore hotel in Cooperstown on Tuesday evening at 8:30 o'clock in honor of three distinguished women of the state who are making a trip through this section. Mrs. Smith, wife of Governor Smith, Mrs. Franklin D. Roosevelt and Mrs. Daniel O'Day.

The invitation is to both men and women and it is hoped that there will be a large attendance. The occasion affords an excellent opportunity to meet the first lady of the state and her friends accompanying her upon this trip. Mrs. Hyde, who is giving the reception, is exceedingly democratic and none should have any hesitation about attending, as had there been any inclination to make the affair one for any special social set there would have been invitations issued. On the contrary the desire is that people from all sections of the county attend and meet the ladies.

## TWENTY AND THIRTY YEARS AGO

Days of Old Recalled by Items Clipped from The Star Files.

May 21, 1893.

The name of Green street has been changed to Columbia street by the board of trustees.

A. E. Nye has purchased the house and lot on Cliff street known as the Irving D. Briggs property.

Howard Lyon of Harvard university has been selected as instructor in sciences at the State Normal school to succeed Prof. Charles N. Cobb, who has resigned.

G. B. Baird, W. H. Ives, Dr. C. F. Baylis and Mr. Jennings rode to Milford on their bicycles recently. One of them covered the 14 miles in 30 minutes.

May 21, 1905.

The insurance partnership formerly existing between D. W. Ford and Merton Dean under the firm name of Ford & Dean, has been dissolved.

S. A. Barnes, W. H. Morris, and M. C. Hemstreet have been elected trustees of the Chapin Memorial Universalist church.

Yesterday marked the fortieth day of drought in this section, practically no rain having fallen since April 9. Employees at the Hobart creamery of the Sheffield Farms-Slawson-Decker company have struck for an increase in wages from \$25 a month to \$40. The hours are from 6:30 a. m. to 5:30 p. m. The company would not grant the increase and filled the places of the men without difficulty.

## Escaped Prisoner Recaptured

Salvatore Camillon, who escaped May 4 from the county farm, where he was working as a part of a gang from the county jail, was captured early Sunday morning by Officer Terrell, who saw him hotfooting it up Main street. Terrell was sure of his identification as he was the officer who arrested Camillon on the night of April 25, when he found him prowling through alleys in the business section. He was given a sentence of thirty days in the county jail at that time. Camillon had spent most of the time since he escaped in the vicinity of Sidney Center, he told the officers. He was delivered over yesterday to Sheriff Williams, who took him back to Cooperstown to finish his sentence and possibly to suffer more confinement for jail breaking.

## THE GUIDE POST—

BY HENRY VANDYKE

### SMALL THINGS

Who hath despised the day of small things?—Zech. 4:10.

It is not required of every man and woman to be, or to do, something great.

Most of us must content ourselves with humble tasks and small parts in the chorus.

Because Homer and Milton have written epics, shall we have no little lyrics?

Because we have heard the great organ at Freiburg, shall the sound of Kathie's zither in the alpine hut please us no more?

Even those who have greatness thrust upon them will do well to lay the burden down now and then, and be thankful that they are not altogether unanswerable for the conduct of the universe—certainly not all the time.

"I reckon," said a cowboy to me as we were riding through the Bad Lands of North Dakota, "there's some one bigger than me running this outfit."

"He can tend to it all right, while I smoke my pipe after the round-up."

## "millions now living will never die" — Judge Rutherford

There is special significance in the troubled days through which the world has passed since 1914.

Out of these events will come greater developments, involving all nations and peoples.

The Bible accurately for told present conditions.

Its prophecies regarding the future will be fulfilled with equal exactness.

The outstanding hope held forth in the Scriptures is the hope of eternal life, and the realization of this hope is now at hand.

It will be accompanied by all that the heart has longed for—health, peace, and happiness.

God's purpose in giving man a revelation of His Plan was that mankind should use it, understand it, and appreciate the principles it sets forth.

An understanding of the Bible broadens one's view and leads to cheerfulness and optimism.

Prophecy of old have described with glowing tongues the glories of the bright day that is now dawning.

Hear the subject discussed at length.

## High-Pressure Oiling—2 Gallons a Minute!

LUBRICATION is life—in motors. Because it defeats wear and vibration. Jewett has a hollow crankshaft, high-pressure system, forcing 2 gallons of oil per minute to all main and connecting rod bearings, and spraying the entire internal mechanism. Metal never rubs metal in a Jewett motor—a thin film of oil safeguards bearings.

The results of such ideal lubrication are real smoothness and decided silence. Further, the continuous oil-stream tends to keep bearings cool, and Jewett takes long distances at high speeds, climbs continued grades, or trudges soft roads, without overheating. You know what happens to cars equipped with circulating and splash lubrication, under like conditions. Let us show you the Jewett! You try to overhear it.

#### Addresses Part-Time School Boys.

Dr. Reed of the national health department, working with New York state department, spoke to the boys of the part-time school at the High school building Saturday morning at 8 o'clock, continuing through an interesting talk for an hour. The topic was "The Journey From Boyhood to Manhood." Dr. Reed likened the body to an automobile and the food one consumes to the gasoline required to supply power for the motor car. He emphasized the necessity for keeping the body clean, inside as well as out. Dr. Reed touched on sex hygiene and the duty boys owe women, especially the honor due to mothers.

#### Three Grand Recruits Report.

Herbert Boase, pitcher, Al Watkins, first baseman, and McAuliffe, another twirler, reported for duty to Manager Al Bridwell yesterday. It is expected that the rest of the men whom Al has signed will reach the city today or tomorrow and that practice will be started shortly in preparation for the exhibition game scheduled for Saturday with the Troy Professionals. Al states that the three men look like ball players to him and that they are in prime condition and ready for a strenuous season. McAuliffe has pitched several games this season and his arm is in first class shape.

#### TO HONOR HERO DEAD

Memorial Day to be Observed for First Commemoration of Graves of Our 25,000 American Soldiers Whose Bodies Will Not Forever be Foreign Soil.

Paris, May 20. — Memorial Day this year, according to plans now being developed by the Overseas Memorial Day Association and the American Legion, will be the occasion for the final consecration of the graves of the 25,000 American soldiers whose bodies will rest forever in foreign soil.

To carry out this idea arrangements have been made to have Lincoln's Gettysburg address read at the ceremonies at all the eight military cemeteries abroad. This announcement is made by Colonel Francis E. Drake, president of the Memorial Day association.

The chief service of the day will be a solemn memorial ceremony in Paris on the morning of May 30 when the memorial tablets in the cloister of the American Pro-Cathedral of the Holy Trinity to the memory of the American divisions; the American Ambulance Service; and the Lafayette Flying Corps, together with the statue of Columbia, are to be unveiled. This ceremony will be under the presidency of Myron T. Herrick, the American ambassador, and it is expected that the great allied war chiefs will attend. Invitations have been sent to Marshal Foch, representing France; Field Marshal Haig and Earl Beatty, representing the army and navy of Great Britain; General Baron Jacques, commander-in-chief of the Belgian army; General Diaz, Italian minister of war; General John J. Pershing and Alvin W. Owsley, national commander of the American legion.

As in previous years, the French government will cooperate in all the ceremonies with official representatives and troops at these burial places where it is possible to have them.

In the afternoon of May 30 impressive service will be held at the Suresnes Military cemetery, just outside of Paris. It is hoped that the allied commanders will attend these services as well as those at the Pro-Cathedral. Similar services will take place at all the other cemeteries, and these will be in charge of delegations from the Memorial Day associations and the American legion.

The plans provide, as in the past, for the placing of flowers on every soldier's grave in France, Belgium and Great Britain. The London post of the American legion has assumed the responsibility for decorating all the graves at the Brookwood cemetery, the only place in England where American soldiers are buried. Similar plans have been made to decorate the graves of American soldiers at Wazemhem, Belgium.

#### CLIO CONVOCATION CLOSES.

Banquet and Dance at Country Club Ends Enjoyable Week-End.

The annual convocation of the Clioian sorority, held this year with Beta chapter at the Oneonta State Normal school, closed Saturday evening after a day of ceaseless activity on the part of local members and the fifteen delegates from other Normal schools in the state. The delegates left yesterday for their respective homes, and the convocation was a most successful one.

Saturday morning a business session was held at the school, various matters of detail engaging the attention of the members until noon. It was decided to hold the convocation next year at Cortland Normal. In the afternoon the delegates were taken on a motor trip to Cooperstown, where spots of historic, literary and scenic interest were visited.

The convocation closed Saturday evening with a banquet and dance at the Country club. Following an excellent meal served by Kilkenny there was a short toast list with responses by the delegates. From 8:30 until 11:30 dancing was enjoyed to excellent music furnished by the Synchronizers of Stamford.

#### FORD AND CHEVROLET CLASH.

Meet Head-on Near Richfield Springs With No One Injured.

Oneonta motorists returning to the city late yesterday afternoon reported that they observed at the roadside near what is locally known as the "White Fence" between Richfield Springs and Cooperstown, Ford and Chevrolet touring cars which evidently had crashed together in a head-on collision. Two or three women's hats were seen and it was thought that their owners might have been injured. No one could be found at Richfield Springs who knew any of the particulars until Chief Barney Dickinson of the Richfield police department was located. He stated that the two cars came together on curve at the place named and that no one was injured to any extent. He did not learn the names of any of the occupants but stated that he understood one of the parties was from Cooperstown and other from Richfield. The cars were considerably damaged.

#### Oneonta Travelers at Binghamton.

H. Spencer Rowe, grand councillor of the United Commercial Travelers, and Mrs. Rowe have returned from Binghamton where on Saturday they attended the celebration of Grand Councillor's day. A business session in the afternoon was followed by a dinner at 6:20 o'clock at the Hotel Bennett. In the evening there was an entertainment in the lodge room followed by refreshments served by the ladies of Binghamton council. Several couples were present from Oneonta and the degree work was conferred on a large class by the Oneonta degree team assisted by several Binghamton councillors.

Peter V. Romo, C. S. B., of San Francisco, Cal., will deliver a lecture on Christian Science in the Universalist church on Ford avenue tomorrow evening, at 8 o'clock. This lecture is given under the auspices of First Church of Christ Scientist of this city. Mr. Romo is a member of the Christian Science Board of Lecturers of the First Church of Christ Scientist in Boston, Mass., and is qualified to present the subject of Christian Science correctly. You and your friends are cordially invited to attend. Admission free. advt 11

#### STATE CONVENTION I. O. O. F.

BANQUET THIS EVENING OPENS MEMBERS OF GRAND ENCAMPMENT, STATE OF NEW YORK.

Grand Encampment Officers, both Present and Past, Gather This Evening at Oneonta Hotel—Grand Encampment Degree Conferred in I. O. O. F. Hall Following Banquet—Many Delegates Already Here.

With the Officers' Banquet of the Grand Encampment, I. O. O. F., state of New York, to be held at the Oneonta hotel this evening at 6:30 o'clock, the joint I. O. O. F. convention, which will be held in the city this week by the Grand Encampment, the Grand Councilmen, and the Ladies' auxiliary of the latter organization, formally opens. Some of the delegates arrived Saturday and still more reached the city yesterday. So the informal convention is already holding sessions for the renewal of friendships and for making new friends among the members of the order. With the aid of those who are coming early today it seems certain that everything will be in readiness for the real convention which opens this evening.

At 6:30 this evening the banquet for Grand Encampment officers, both present and past, is to be held at the Oneonta hotel and all of the present officers will be present as well as a sizable delegation of past officers. The officers of the Grand Encampment are: Grand Patriarch, William C. Gurney of Binghamton, formerly a well known resident of this city and a member of P. P. Cooper Encampment, 132; Grand Scribe, Harry Walker of New York city; Grand Treasurer, Miles A. Hoyt of Brooklyn; Grand High Priest, Charles Walker of Utica; Grand Senior Warden, Louis G. Stapley of Geneseo; Grand Junior Warden, C. P. Grant of Corning; Grand Marshal, Sherman J. Stone of Oneonta; Grand Inside Sentinel, C. W. Scott of Little Falls; Grand Outside Sentinel, Anton Kirschbaum of Ives; and Grand Representatives, Caleb H. Baumes of Newburgh and James A. LeBauer of Batavia. Past Grand Patriarch F. F. Landall will preside at the banquet.

At eight o'clock there will be a special meeting in I. O. O. F. hall for the purpose of conferring the Grand Encampment degree. The class for this degree will include, besides a number of delegates, about fifteen members of P. P. Cooper Encampment of this city.

The opening business meeting will be held Tuesday morning at nine o'clock in the lodge room at the Elks' club, which will be used for all of the business sessions. Mayor C. C. Miller will extend the address of welcome, and the response will probably be made by Grand Patriarch William C. Gurney.

That afternoon at two o'clock the officers and representatives will be the guests for an automobile trip about the city of Oneonta and to Cooperstown and intermediate points. The trip is being arranged by the Oneonta Automobile club and more than forty cars are already promised, ensuring that there will be plenty of room for all who wish to make the journey.

Tuesday evening the banquet for the officers and representatives will be held at the Elks' club at 8 o'clock. Among the speakers will be the visiting delegates from the Encampment.

Connecticut, New Jersey, and the Province of Ontario.

Wednesday morning at 9 o'clock the concluding session will be held at the Elks' club. Besides the final business of the convention, the installation of officers will take place.

Last evening there was a large number of visitors already in the city but it is expected that by this evening there will be nearly five hundred representatives and friends here. And while the hotels were nearly filled, there is an abundance of accommodations in the private homes which insures that the visitors will be taken care of.

Among those who arrived yesterday are Grand Patriarch William C. Gurney, Past Commanding General of Patriarchs' Militant Army of the World, who was cordially greeted by his many Oneonta friends, and of course by other delegates, Grand Treasurer Miles A. Hoyt of Brooklyn, and Grand Senior Warden Louis G. Stapley of Geneseo. Hon. Stapley is assemblyman from Livingston county and occupies a seat in that chamber adjoining that of Hon. J. C. Smith of this city. Grand Scribe Harry Walker of New York city will arrive on the morning train today, and a warm welcome he will receive.

Among the interesting letters which have been received by the committee is one from a representative who has attended the last twenty-one conventions and says "I surely shall not miss out on Oneonta."

#### Home Bureau Kitchen Party.

The members of the Home bureau will hold a kitchen party at the Community house at 2 o'clock Tuesday. Lunch will be served and a evening given. Each member may bring a guest.

#### Births.

Born, Sunday evening, to Mr. and Mrs. E. Lester Townsend, last End, a seven pound daughter, Marjorie Jane.

The Women of Monmouth Legion will please meet in their rooms in R. of H. T. hall, Tuesday evening, May 22nd, at what time they will celebrate their 2nd anniversary by giving a covered-dish picnic. All legionaires, including home league members, their families and friends are invited. Please bring covered dish and something to eat for each one. This is their last meeting in this hall. Hereafter, beginning June 8th, they will hold their meetings in K. of P. hall, second and fourth Fridays of each month. advt 11

#### KLU KLUX KLAN CONTRIBUTES

Monetary Benefit Received \$30 Through Mail Yesterday — Letter Accompanying Premiums All to Within 10 Needed.

Yesterday The Star received the following letter with a \$20 bill enclosed: "Honoring the courage, the unflinching hold to duty, the veneration of all things American shown by Mr. Mattice during his whole career as a member of the State Constabulary, sympathy naturally follows for his wife and family in his untimely death, and the donors of this slight token take their opportunity of extending to her the wish that her whole life may be along exceedingly pleasant paths and should know no other sorrow than that which she may feel the need of friends other than she knows in person, a brief notice placed in The Oneonta Star will quickly bring help. Faithfully, Empire, Knight of the Klu Klux Klan."

As is well known The Star usually pays no attention to communications unless signed by an individual or if by an organization by the responsible officer thereof. The remittance enclosed, however, leaves the paper no alternative. The fact that the signer spells the word Klu instead of Ku leaves some doubt about it having been sent by an officer of any local branch of the organization now widely known. Whether it came from the organization, which it is said now has some 500 members in the city, but about which little is definitely known by other than members, or is the work of some humorist desiring to contribute to the fund, The Star has no means of knowing.

This contribution brings the total to \$2,054.45, the last sum previously acknowledged being \$2,014.45, reported in The Star of Saturday.

## HOT SPRINGS FLOOD PICTURES

More than \$2,000,000 damage was done when flood and fire swept Hot Springs, Ark., after a cloudburst. Destruction was not off for 18 hours and innumerable hardships endured, but no lives were lost. Here a section of the Magnolia Hotel, surrounded by the flood, is a building of lightning striking the adjoining building. The loss in this one building alone is estimated at \$250,000.

Store fronts were ripped, autos tossed around, and sidewalks lifted as if they were paper during the storm which swept Hot Springs, Ark., in the wake of a cloudburst. This owner left his driver in front of a store on the main street. When he came out he found it with its nose stuck in the mud beneath the boardwalk that lined the street.

## JUSTICE M. H. KILEY

WELL KNOWN JURIST PASSES AWAY SUDDENLY AT CASENOVIA HOME.

One of the Justices of this District More Recently Assigned to Appellate Division - Passed Away Morning From St. James' Catholic Church at Casenovia With Interment in Glens Falls.

Justice Michael H. Kiley of the appellate division of the supreme court died suddenly at 11 o'clock Saturday morning at his home in Casenovia, Madison county. Death is believed to have been due to heart trouble.

Justice Kiley had been at his office at Albany early last week in connection with his duties as a member of the appellate court, and returned to Casenovia apparently in his customary health. During the last two

days, however, he had complained of feeling unwell, but was at his office in Casenovia Friday as usual.

He complained of a depressed feeling upon awakening Saturday morning and decided to remain in bed. He refused to have a doctor called, however, believing his condition only temporary. Mrs. Kiley went to his room shortly before 11 o'clock and found him so much worse that she at once summoned the family physician, Dr. M. H. Joy of Casenovia. The jurist sank rapidly, however, and died in a short time. A brother, Edward H. Kiley, of Oneida was notified and arrived at the Kiley home in Casenovia early Sunday afternoon.

Justice Kiley is survived by his wife, two daughters, Mrs. Kingman Perkins of Mount Holyoke, Mass.; and Mrs. F. G. Taylor of Shankhui, China, and a son, Edward H. Kiley, of New York city.

Justice Kiley was born in Horicon, Warren county, N. Y., August 23, 1861, the son of William and Mary (Tronlin) Kiley. He went through the local schools and graduated from Casenovia Seminary at Casenovia, which afterwards became his home town.

He rose rapidly to be one of the foremost citizens of Madison county. He married Miss Chloe Celia Sterling of Schuylers, Herkimer county, on November 27, 1887, shortly after having been admitted to the bar, in 1886, for the practice of the law. He had offices in Casenovia, where he soon rose to high position in the estimation of the bar, and the citizens. He served as district attorney in Madison county during 1896-1897 and was county judge and surrogate in the same county during 1905 to 1912.

He was elevated to the supreme court bench in 1912, and served in that office with distinction. His term would have expired on December 31, 1920.

Justice Kiley has presided many times at Cooperstown and stood well with the bar of Otsego. When Justice George F. Lyon retired from the appellate division because of the age limit, Justice Kiley was appointed to fill the vacancy. The deceased was a director of the Casenovia National Bank and a member of St. James' Catholic church in that village.

The funeral services are to be held Tuesday morning at 9:30 o'clock from St. James' church, Casenovia. Rev. Father James M. Murphy will conduct the services, assisted by Rev. Fathers McPeak of Johnson City and Moore of Hamilton. Interment will be at Glens Falls.

## DEATH OF JESSE M. CROSS

Respected Resident of Oneonta Passes Away Early Sunday Evening.

Jesse M. Cross, a well known and respected citizen of Oneonta, passed away at his home at 5 Fourth street at 4 o'clock last evening after an illness of nearly a year's duration from chronic Bright's disease. He had been confined to his home since December last and had been a great sufferer, although patient through it all. Despite the loving ministrations of his wife, he had grown steadily worse until the end last evening.

The deceased was born in the town of Maryland on August 2, 1848, son of John M. Cross and Mary Cross.

On November 13, 1889, he was united in marriage to Nellie C. Smith. Their married life was spent on a farm in the town of Maryland until 1910 when they moved to Oneonta, where Mr. Cross secured employment with Swift and company. He was with that concern for about two years, later going with the Standard Oil company, with which concern he had since been connected.

Surviving are the wife, one daughter, Mrs. Ralph H. Carington of this city, his stepmother, Mrs. Carrie Cross, of Oneonta, a sister, Mrs. Charles Cargill, of Stalker, Pa., two half sisters, Mrs. Ralph Gurney of Ilion, and Mrs. Scott Hubbard of Oneonta, and two half brothers, Leonard Cross of Cooperstown and Harry Cross of Oneonta.

Mr. Cross was a member of the Knights of the Maccabees and of the United Commercial Travelers. He was a man well thought of by all who

## MARRIAGES

Quakerhatch-Cross. The wedding of Quakerhatch of 87 Elm street and Miss Marion Cross of 13 Brook street were united in marriage to the Rev. John W. Flynn of the First Methodist parsonage at 1:30 o'clock on Saturday. They were attended by Linn B. Bouton and Miss Kathryn Every. Mr. and Mrs. Quakerhatch left on the 2:20 trolley for a wedding trip to Erie, Syracuse and other places, following which they will reside at 87 Elm street, this city.

The groom has been for several years a clerk in the clothing store of E. W. Spencer, where his services are highly valued. His bride has been a valued stenographer in the employ of Crouch, Wilson and company. They are both estimable young people whose many friends will extend congratulations and sincere best wishes.

Kingston Murderer Makes Getaway. Word was received early yesterday morning by the local police that a negro had murdered another in Kingston and that the slayer had left the city in a Durant automobile. Although diligent watch was kept by the local officers, no trace was seen of the murderer hereabouts.

He knew him and news of his death will be received with regret by many.

The funeral will be held from his late home on Wednesday at 1:30 p. m. Rev. Dr. Charles S. Pendleton of the Main Street Baptist church officiating. Interment will be made in the family plot in McGown's cemetery at Maryland.
